

- Liberal arts colleges, which encourage students to study broadly, may give factors such as essays and demonstrated interest considerable weight.
- Highly selective colleges attract thousands of outstanding students. These colleges typically look to the "moderately important" factors to make their decisions.
- At very large universities, some admission decisions may be made solely based on GPA and test scores.

What's Next?

- Use **College Match** to look up the admission criteria for the colleges that interest you. Select the Admission tab to see which factors the college rates as Very Important, Important, Considered, or Not Considered.
- To see the credentials of students applying and admitted to your target colleges, visit the **Admissions Tracker**.
- See **How Colleges Make Admission Decisions** for a quick tour of the college admission process.
